1,600 Women Sign In Labor Survey

Some Wait Hours For Interviews

More than 1,600 women from Milam County and fringe counties registered Saturday for a labor survey requested by management of a prospective garment industry.

N. L. Caperton, president of Cameron Industrial Foundation, Inc., said the exact figure was something more than 1,600. He estimated that the six interviewers actually talked to about 1,400 ladies during the 9 a.m. to 4:30 p.m. day.

Offices of Cameron Chamber of Commerce and Camp Insurance were opened to interviewees, who trooped through the offices all day, some waiting two hours before being interviewed.

Hundreds of women stood outside during the morning. One CIF official said that more than 800 had registered by noon.

STREET BARRICADED

Police barricaded off the street in front of the East Second St. Chamber location. Boy Scouts assisted at a free Coke stand and the emergency unit of Cameron Fire Dept. stood by in case the mid-day heat affected any of the women. None was reported.

Members of the Cameron Chamber and the CIF directors board assisted in registration procedures, which shortly after 9 a.m. became taxed. Transportation for some applicants was furnished.

One large line at the registration table of two volunteer secretaries had to be divided into two groups of those registering and those registered waiting to be interviewed.

Caperton reported that garment company officials were overwhelmed by the turnout and exhausted by interviews by that afternoon.

Directors of CIF, Inc., met Monday afternoon and reviewed prospects for proceeding with negotiations with officials of the garment factory and another industry. Directors and other civic leaders had met with the company officers Friday evening after they toured the City.

Caperton asked The Herald to publish the following letter of appreciation, in behalf of the Cameron Industrial Foundation, Inc:

STATEMENT

"The cooperation Saturday, September 23, was as extraordinary as the turnout. Besides 1,600 and more ladies from Milam County and surrounding counties, there was tremendous response to the call for assistance.

"We thank the City of Cameron, the Police Department and Volunteer Fire Department, Girl Scouts, Boy Scouts of America, the ministers of Cameron who helped make the appeal, CocaCola Bottling Co. of Cameron, and dozens of individuals who worked during the interviews Saturday through their good offices or those of employers.

"This is a day Cameron long will remember. Chamber, City and Foundation leaders moved and people responded. There is nothing left to say but thanks."

N. L. Caperton, President
Cameron Industrial Foundation

With F.M.L.

The Herald's current series on the hips of San Francisco continues after an interruption last week when an overflow of more cogent local news (and ads, man, gotta have that "bread") crowded it out.

Comments have been favorable on the two parts already in print, confirming The Herald's view that journalism is only as valid as it is contemporary. No line is drawn any longer between city and country, Cameron and Rome, the U.S. and Siberia, save a few minutes of supersonic flight or an instant of transmission on satellite television.

Any other view, though certainly more comfortable in its provinciality, is less than adequate.

JOKE--Seems that a man was given a kitten as a present, and because of its totally black coat of fur, he called it "Midnight."

And then he received another kitten, this one all black except for some streaks of white on its paws.

Brightening, he called this kitten "11:45."

JUDD DAVIS DIES, FUNERAL HELD TUESDAY

Judd G. Davis, 83, retired farmer, rancher and merchant, died at 2:40 p.m. Saturday in a local hospital.

Funeral services were at 2 p.m. Tuesday at the First Presbyterian Church with Rev. John Solomon of Houston officiating. Burial was in Oak Hill Cemetery.

Mr. Davis was born July 22, 1884, at Sharp and owned a hardware store in Cameron until the 1920s. He later managed his farming and ranching interests in Milam County and served as a director of the Buckholts State Bank.

He was a member and elder of the First Presbyterian Church in Cameron.

His survivors include his wife of Cameron; one son, John H. Davis; one daughter, Mrs. Gladis McCollum of La Porte; two grandchildren and one great grandchild.

Pallbearers were Archie Prokisch, Drayton McLane, Hugh Smith, Edwin Adams, Grady Allen, Jr., and Franklyn Dusek.

New Fiscal Year

$256,586 Budget Okayed

The City Council Tuesday night approved the same $1.65 per $100 valuation for the 1967-68 fiscal year whose general fund budget was set at $256,586.14.

The new budget goes into effect October 1 and shows about a 20 percent increase over the general fund budget of $197,273.18 a year ago.

These figures do not include a $106,852.98 budget for the Cameron Water Dept., a $26,083.15 budget for Cameron Sewer Dept. and a $2,768.33 budget for Cameron Swimming Pool.

Major items budgeted for the new city fiscal year are $60,000 for the 100-block street paving project, $3,000 for Cameron Airpark, $1,000 for Summer Recreation Program, $1,000 for City Hall furniture, and $7,041.23 for miscellaneous new equipment and city improvements.

Only City of Cameron bonds and time warrants outstanding are: $344,000 on a waterworks improvement and extension of Series 1957, and $163,000 in sewer improvement and extension bonds, Series 1957.

The City of Cameron holds Certificates of Deposits with Citizens National Bank and First National Bank totaling $61,873.10, the oldest maturing February 5, 1968.

The 1967 assessed valuations are listed at $7,885,005. Accounting for an estimated 7 percent for non-payment of taxes, total collections in 1967-68 are anticipated to be $120,991.63. Payments on bonds and interest will be $37,796.75 while the estimated general fund carryover from 1966-67 is $50,757.18.

Income from various sources such as garbage collection ($45,000) transfer of bond payment ($37,796.75), police fines ($13,000), franchise taxes ($12,500), among other items is expected to bring in $122,653.98.

Salaries are substantialy the same, showing an increase of $900 to $17,520. Mayor and Council annual salaries of $850 and $1,500 (for all five councilmen) remain the same.

Street Department budget is up 10 percent, noting a budget item of $5,422.56 for new equipment.

Sanitation Department is up to $33,601 primary difference being a $6,000 budget item for new equipment.

The Cemetery budget is up about $800 primarily for improvements ($600), and recreation department has an additional $400 to allow for $500 worth of Christmas lights.

The police department budget is $30,305, primarily for better salaries and salary for a day patrolman ($3,900) and better pay for a relief man ($1,500). Fire department is about the same -- $11,375, up $1,235 over the previous budget year.

Dropped was the $1,200 budget item for Cameron Public Library landscaping fund.

Urban Renewal Plan Re-Certified

Fort Worth Urban Renewal officials said this week that approval of a $57,000 planning fund for improvements in downtown Cameron would probably be cleared through Washington within 60 days.

A request for planning funds has been awaiting action in Washington for several months.

Dun Humble, attorney for the Cameron Urban Renewal Planning Committee, and E. A. Perrin, committee chairman, talked with officials in Fort Worth following notice from Cong. W. R. Poage that the Workable Program for community improvements had been re-certified. Urban Renewal planning is included in the "workable plan" along with planning for Federal housing and airport work to assure coordination of the Federal projects. Funds for each project are approved separately.

Perrin said Bernard Johnson Engineers assured him this week that they would start work on the Cameron plans as soon as written approval was received from the Urban Renewal Committee. The engineers' planning will probably take 3 to 4 months, Perrin said.

The project would include an 8 block area around the courthouse, bounded approximately by Fannin St., East 2nd St., Travis Avenue and Gillis St. It calls for remodeling as well as reworking streets to eliminate high curbs.

131 City Scouts

BSA Join United Fund

Boy Scouts in Cameron are one of four organizations designated to benefit from the United Fund drive's $7,500 goal during the coming year. The drive opens October 9 with plans for both downtown contacts and door-to-door workers in residential areas.

Adult leadership interest in the Boy Scout program has stimulated local youth to participate, with 131 registered in Boy Scout troops this fall. Bill Storey, Tejas District Scout Executive, is a resident of Cameron and carries out the Boy Scout program here working closely with Allen Dodson, Tejas District commissioner and E. O. Schiller, Jr., assistant commissioner for Cameron.

Boy Scouts of America benefits the entire community through its principal goal: building better men for the community, country and world.

Scout Executive Storey points out that the appeal of Scouting for boys lies in the opportunity it offers for doing things that are adventuresome and worthwhile; that give boys a sense of achievement.

The Tejas District Boy Scouts have an annual Scout-aree where projects are displayed at National Guard Armory in Cameron. Individual troops have collected used clothing for Goodwill Industries; operated a rest stop at City Park for travelers on holidays; distributed material for the United Fund. They also participate in summer programs at the Heart O' Texas Boy Scout Council camp near Belton.

The program includes boys from second grade through high school with emphasis on preparing for significant service to others, as well as for self-reliance.

Adults working in the local Boy Scout organization include: Lane Horstmann, Gussie Pool, Oscar Zotz, Felix Matula, Don Castello, Charles McGregor, Frank Corona, Barney Owen, Fredwill Hornung, O. B. Harden is chairman of the Advance Committee, Roy Gill serves as chairman of Leadership Training and William Kelm is Neighborhood Commissioner.

Working with District committees this year are Joe Vybiral, Gene Smitherman and Dr. S. H. Richardson.

BISHOP REICHER WILL DEDICATE SCHOOL ANNEX

St. Anthony School's recent three-classroom addition will be formally dedicated at 3:30 p.m. Sunday, October 1.

Bishop L. J. Reicher of Austin will officiate at dedication services for the $47,000 St. Monica's Parish project which also included interior renovation of St. Monica's Church.

The St. Anthony Parent Teachers Club will host a reception following dedication ceremonies and the school and sanctuary will be open to the public.

RITES HELD FOR RETIRED CITY TEACHER

Miss Mary Randolph, retired Cameron schoolteacher, died at 12:05 p.m. Saturday at her home in Cameron. Her teaching career had spanned 50 years in the Cameron Public Schools and St. Anthony School.

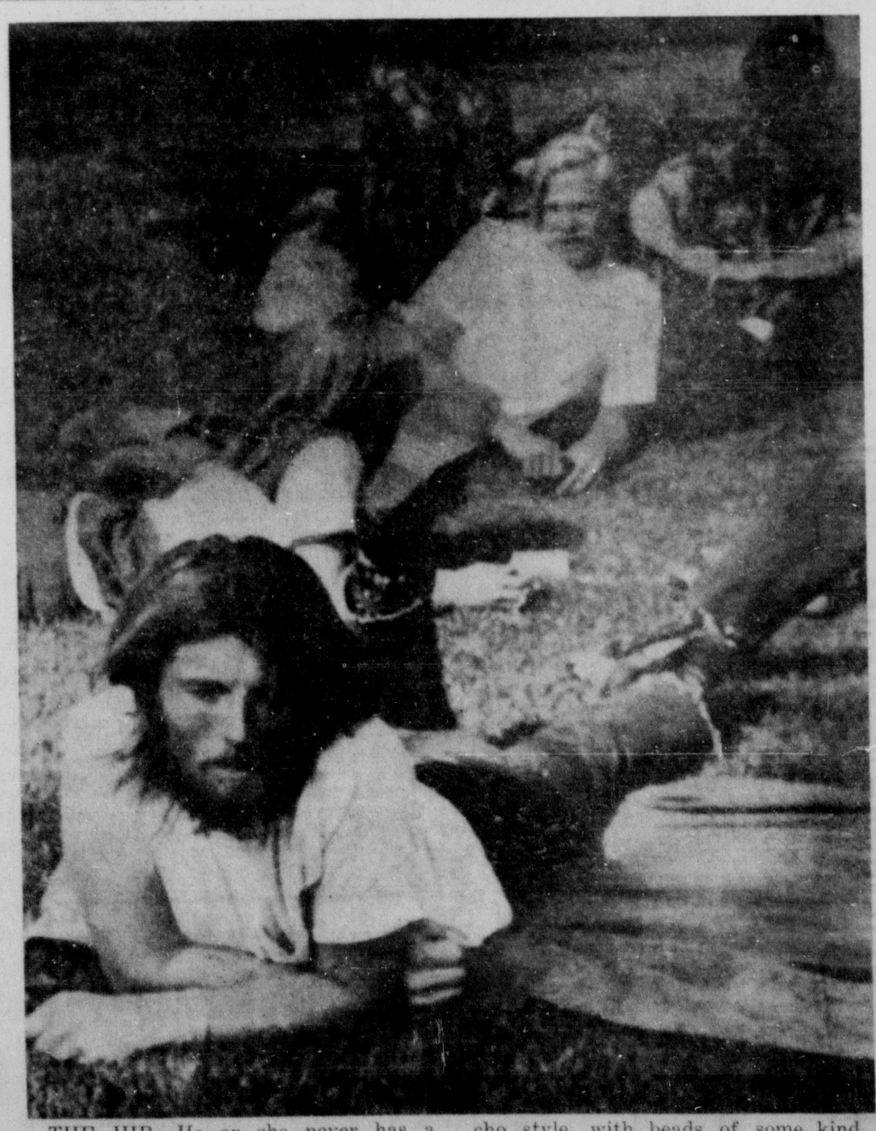
Funeral services were at 4 p.m. Sunday at First Baptist Church, the Rev. J. E. Lafferty officiating. Burial was in Oak Hill Cemetery.

Miss Randolph was honored as Teacher of the Year by the Cameron Delphian Club and was Texas Federated Womens Clubs district nominee for the state teaching award in 1961. Her nomination was also endorsed by the Cameron Business and Professional Womens Club.

She was a member of the First Baptist Church, Daughters of the American Revolution, Delphian Club and the Milam County Teachers Association. She also served on the Cameron Public Library Board during their building program.

Surviving are three sisters, Mrs. Paul Porter of Calvert, Mrs. E. P. Werner and Miss Lois Randolph of Cameron; and two nieces, Mrs. Paul J. Pryor of Jackson, Miss., and Mrs. Wallace Culpepper of Cameron.

Pallbearers were Arthur Baskin, Bob Bailey, J. P. Tipps, Alvin Hefft, Earl Mosley and Roy Hensley.



THE HIP—He or she never has a name, except perhaps in his own group, which might break up in a few weeks when the Hips move on to another city. This fellow is a hip, lolling on the ubiquitous blanket, in a public park in Jackson Hole, Wyoming. Picture is courtesy of James Brock, Cameron Western artist. The hip usually wears the blanket over his head, poncho style, with beads of some kind. This guy wears cowboy boots. Often, they wear sandals or go barefoot. The long hair is typical and the beard. Estimates run as high as 300,000 hips in U.S. cities. Main center is Haight-Ashbury in San Francisco, base of a series of Herald articles continuing next week.

Baseball Game Score

Yoemen Go Down 3rd Time

By Fritz Pratt

Rosebud Panthers met the Cameron Yoemen last Friday and took tops in scoring on a fluke of a play.

STATISTICS

	Cameron	Rosebud
First downs	10	5
Yards rushing	83	136
Yards passing	25	94
Passes Attempted	12	19
Passes completed	2	8
Passes intercepted	1	1
Punts	6 for 37	7 for 29
Fumbles Lost	3	2
Penalties	5 for 70	9 for 68

Mike Miller opened the game with a boot deep into Panther territory. Larry Spivey returned the kick to Rosebud's 35 yard line, and the Yoe defense dug in.

Charles Maddox, John Urban, David Barrett and Glenn Fogle held on for the first 4 plays which picked up a 1st down for Rosebud. Then on the follwing 2nd down Jim Lafferty planted a Panther ball-carrier on his back, the ball squirted free, and James Dohnalik pounced on the pigskin to put the Yoemen at mid-field.

Dennis Crouch went for 2 yards on first down, followed by Miller for 7. Urban carried on 3rd down for the first, but a penalty moved the ball back. Dohnalik tried to pick up the lost yardage on the next play, but was held for no gain. Miller, getting warmed up, put his foot in the ball and got it into Rosebud territory.

On 1st down, the Panthers tried a pass. Defensive halfback Lafferty covered the pass for a near interception. Barrett, Chandler, and Ronnie Richardson struggled to hold down the Panthers, but another 1st down was ground out.

Now the tackling became tougher as Yoemen got shots at the Rosebud runners. The Panthers were forced to kick on 4th down, and their luck came through.

ROSEBUD SCORES

Fogle was the lone man in the backfield to return the punt. He got his hands on the ball, but, slick from pre-game rain, the ball slipped out of Fogle's hands and into the end zone before going out of bounds. An automatic safety was recorded and the only score of the game was registered on Rosebud's side of the board.

Miller then followed the rule of punting from his own 20 yd line. This kick was a magnificent display of Miller's talented toe. He hung the ball high up in air, and when it came down it was behind Rosebud's goal line -- an 80-yard punt.

Rosebud rolled for a 1st down despite the defensive efforts of Urban, Barrett, Richardson, Dohnalik and Kirk. Finally Alfred Knox was forced to kick for the Panthers and the Yoemen took control of the ball.

Dohnalik plowed up the Panther middle for 9 yards on 1st down. He picked up the needed yard on the following play but a penalty called the gain back.

Then it was Fogle flashing around the end for 17 yards and a 1st down. Urban ground out 6 yards on the next play followed by Miller who dragged a host of Panthers for 13 yards.

Dohnalik tallied only 3 yards on 2 plays as the Panthers sank their claws in and held on. Fogle was caught behind a crumbling line for no gain.

Miller attempted a field goal on 4th down--a field goal which would have won the game for the Yoemen. But a Rosebud line backer got a hand on the ball and deflected the kick.

Yoe defense took the field again and showed its stuff by holding the Panthers to one 1st down. Urban took down the Panther QB on 4th down.

The ball went over to the Yoe offense. Fogle tried his passing arm again this time to Urban. The ball fell incomplete. Fogle determined to make up for the bobble which gave the Panthers their two points kept for 1 yard on 2nd down.

On 3rd the Yoe quarterback kept again sweeping the end for 9 yds and a 1st down. The Rosebud defense bucked holding Fogle to 1 yard on a keeper. Kirk went out for a pass but Fogle missed his

On the next play a bobble in the backfield caused the ball to fall free and Fogle recovered for the Yoemen. With 4th down came Miller's kick which fell dead on the Panther 48.

The Panthers had the ball for only two plays. On 2nd down Urban smashed through and knocked the ball loose from a Rosebud back. The Yoemen recovered.

Fogle sprinted for 4 yards on 1st down. A penalty on Rosebud gave the Yoemen another 1st. Urban went up the middle for 3 then Miller tried for a pass. The ball fell short of its mark bringing up 3rd and seven. On the next play a Yoeman back was shaken loose from the pigskin and a Panther defender covered the ball.

The Yoe pass-defense was awakened by 3 Panther passes in a row. Thanks to the efforts of Urban and Kirk, none were completed. On 4th down Knox booted the ball to the Cameron 40 yd line.

Fogle's pass to Urban on 1st down fell incomplete. Miller barged through the line for 7 yards, followed by Kirk for 2. Fogle sneaked the yard needed for a 1st down.

Now the Panther defense charged in, dropping Fogle for a 15 yd loss. Dohnalik made up 3 of the lost yards. Urban tried to receive a short pass, but Fogle's sights were just a little off.

Miller put the ball into Knox's hands with a booming kick. Dohnalik and Maddox brought down Knox for a short return.

YEA YOEMEN is the familiar cheer of Yoe cheerleaders Jan Roach and head cheerleader Connie Mowdy (back row); Doris Ruzicka and Jan Eickenhorst (middle); Paula Folschinsky and Brenda Watkins.

Griffith Stars In Rogers 19-0 Victory Over Academy

The Academy Bumble Bees came into the Rogers game with a 2-0 record, while the Eagles had a 1-1 record. Now their records are tied, 2-1, thanks to Eagle fullback Larry Griffith and a ferocious Rogers line. The final score was 19-0.

STATISTICS

	Rogers	Academy
First Downs	11	6
Yards Rushing	263	129
Yards Passing	14	24
Passes Attempted	6	11
Passes Completed	1	2
Passes Intercepted	1	1
Punts	4 for 34.5	5 for 25
Fumbles Lost	4	3
Penalties	5 for 43	6 for 35

While Griffith piled up his 165 yds rushing, the Eagle defense held the Bees scoreless with only 153 total yards offense.

Griffith scampered 25 yards and 61 yards for respective TDs. Eagle QB Eddie Henderson took the ball around end for 11 yds and a TD.

The wet field and muddy ball made fumbles common as the Eagles fumbled 11 times, recovering 7 before losing. The Rogers defense fell on 3 Academy fumbles, while holding the Bees at bay with Ricky Raley, Ray and Charles Sulak, and Vernon Rose.

Edward Bartek was the Bee standout, grinding up 69 yds on 17 carries. The Bees gave Rogers a scare when they struggled to the Eagle 5 yd line after a 61 yd sprint by Bartek. But drive faltered and stalled out.

The Eagles had 141 yds rushing at half time. 71 of which belonged to Griffith for 10 carries.

The game started with an exchange of punts after which Rogers began to roll. Mike Mayfield ground out 12 yards in 2 carries, followed by Henderson who scrambled 37 yds for a 1st down on the Academy 28 yd marker. It was on 2nd down that Griffith scrambled 21 yards through right tackle to the Bee 7 yd line. Henderson scored from 11 yards out on 2nd down around left end. Mayfield made the PAT try good and Rogers led 7-0.

Two minutes later a mean Eagle defense blocked Bartek's punt, and Rogers took over on Academy's 41.

Sulak gained 6 yds on 1st down followed by Griffith for 10. After a few more short gains, Griffith rambled 23 yards off tackle for another Eagle TD. Mayfield missed the PAT and the score stood at 13-0.

Academy made it to the Rogers 45 and 37 yd markers before halftime, but Sulak, Rose, and Crawford halted the Bees with heads-up defense.

Then late in the 3rd quarter, Griffith busted around left end, shook off 3 tackles, and sprinted 61 yards to the end zone. Mayfield made the PAT and finished the scoring at 19-0.

Although the Bees spent a lot of the 4th quarter in Rogers territory, they never got deeper than the 44 yd line. Bartek, Wayne Kelly, Darrell Lisenbe, and Ronnie Tolbert were Academy offensive standouts, but fumbles on key plays and a strong Eagle defense kept the Bees from paydirt.

Mayfield nearly caught up to Academy's Bartek in yardage. Bartek had 69 yards and Mayfield had 63, on 17 tries. Henderson's passing arm was on the blink as he connected with only one of 6 pass attempts. The Eagle QB had better luck on the ground as he made 28 yards on 11 carries.

Defense honors for Academy were carried by Fred Hargrove, Bruce Tomastik, Lisenbe, Kelly, and Bartek.

Offensively, Lisenbe and Tolbert were the top runners for the Bees.

The final score: 19-0 - Eagles' game. This week the Eagles travel to meet Thorndale.

Trinidad Bows To Badgers 44-25

The Buckholts Badgers met a tough 6-man Trinidad team and put them down, 44-25.

At half-time Buckholts led 25-18, and used the 2nd half to lengthen that lead.

STATISTICS

	Buckholts	Trinidad
First downs	13	9
Yards Rushing	293	156
Yards Passing	93	137
Passes Attempted	11	18
Passes Completed	5	5
Passes Intercepted	0	3
Punts	2 for 40	6 for 29
Fumbles Lost	2	4
Penalties	3 for 25	0 for 0

Outstanding runner for the Badgers was Kenneth Marek, who scored on a 25-yd run, a 12-yd sprint, and a 40-yd punt return. Norman Haisler was second top scorer for the Badgers with TD scampers of 3 and 2 yards. Haisler also tallied two PATs.

QB Alan Barkemeyer accounted for the other Buckholts' TDs with his fine passing. Terry McNeill wound up on the receiving end of 12 yd and 40 yd Barkemeyer passes for TDs.

Trinidad's top scoring power was Kenny Sparks, who scored on a 60 yd pass play, a 2 yd run, and on extra point conversion. Roy Stanfield added another TD for Trinidad on a 30 yd end sweep. Everett Berry placed the final Trinidad score on the board with a 50 yd sprint to glory.

This Saturday Buckholts will host Milano for their second meeting of the season. In the first game Milano defeated Buckholts 30-26.

This will be Homecoming for Buckholts. Activities include a downtown rally at 4 p.m. Saturday and a supper at the school lunchroom from 4:30 until 7 p.m. and the crowning of the Homecoming Sweetheart before the game at 8.

Rosebud gained nearly 30 yds before the Yoe defense brought the Panthers to a halt. The ball went over to the Yoemen, and Dohnalik carried for 3 yards before halftime intervened.

The second half found two wide-awake defenses, as neither team could get a drive started. The strong Yoe defenders kept the Panthers from making a single 1st down during the second half.

Defensive standouts for the Yoemen during the second half were Kirk, Richardson, Hosch, Chapman, Dohnalik, Maddox, Urban, Chandler, and Jekel. Fogle showed a bit of heads-up play by intercepting a Panther pass.

Offensive standouts for the Yoemen were Miller, Urban, Kirk, Dohnalik, and Fogle.

The final score, which belongs on a baseball scoreboard, 2-0.

Next week the Panthers meet Mart on their home field.

PERSONALS-

James Terry returned to his home from Scott and White Saturday. He had been a patient there for the past week and is now confined to his bed in traction with a back injury.

Yoe Await Eagles

By Fritz Pratt

Friday the Georgetown Eagles travel to Yoe Field to meet the Cameron Yoemen at 8 p.m.

Head Coach Milton Denham and line coach Don Chandler have whipped the Eagles into a fast-moving team, using the T and wing T formations. Although the Eagles have a depth problem, their speed is said to make up for it. Rated rather high this season, the Eagles are struggling back from a '66 season in which they finished 4th in district.

Returning linemen starters are Jerry Lehman T, Larry Crabb T, Spencer Kar E, and John Jacob G. Only one man returns from a starting position in the backfield. This is fullback Harlan Holloway. Nine lettermen in all return to this season's Eagles. Taking the kicking chores will be Todd Walker.

Listed as players to watch are halfback Mike Daniels, quarterback Carl Holmstrom, Holloway, Crabb, and Lehman.

The Eagles meet the Yoemen after a 41-0 stomp over Elgin. Meanwhile the Yoemen are still stinging from the 2-0 loss to single A Rosebud. The Yoemen are yet to get in the win column. They have scored only 6 points this season.

Tigers Claw San Marcos

The Rockdale Tigers opened their '67 13-AAA district season by stomping the San Marcos Rattlers last Friday, 48-6.

The Tigers made the first half a slaughter as they piled up a 35-0 lead in the first 2 quarters.

Without the fine Tiger line, stars Stanley Bower, H. Earl Marion, and Vernon Guest would have gone nowhere. The Rockdale front seven tore gaping holes in the Rattler defense while an agile Rockdale defense choked off the highly praised Rattler passing attack.

San Marcos field general Steve Sessom met the Tigers with a 2 out of 28 pass completion record. It looked like the same Sessom until the final half when the San Marcos quarterback hit a hot streak and connected on 8 passes.

The Tigers took the Rattlers' kick and smashed off 68 yards in 8 plays, with Marion carrying the last two yards.

Then Rockdale QB Bower finished off a 57 yard drive with a 7-yard keeper into the end zone.

Bower then bettered his performance with a pass interception. He sprinted 53 yds before a Rattler pulled him down. Then it was Marion on the very next down for 25 yds and paydirt.

O. D. Nealy made the other Rockdale interception and turned it into a 15 yd scamper. Guest capped off the 30 yd ensuing drive with an 8 yd plunge into the end zone.

Robert Brady took a San Marcos punt for a 27 yd trip to start a 39 yd drive for the Tigers. Three plays later Brady crossed the goal line from 5 yds out to finish off scoring in the first half.

San Marcos opened the 3rd quarter with a 67 yd march in 8 plays. Rattler HB Johnny Bratton took the last seven yards of the drive. Sessom tried for 2 points on the PAT with a pass but missed his mark.

The Tigers beat out a 68 yd drive in 12 plays with Marion making the TD from 4 yards out.

Bower connected on a pass play to Tiger end Glen Chmelar for the final Rockdale TD. Mike Speer, a Tiger guard, had booted 6 conversions in a row till now. He missed the final PAT of the night.

Defensice standouts for the Tigers were Speer, Richard Kubiak, George and Glen Chmelar, Gary Tuma, Nealy, Jerry Young, Jim Curik, and Billy Bob Farr. Top ground gainers for the Rockdale offense were Speer, Curik, Young, Farr, Nealy, Chmelar, Brady, Bower, and Marion.

Top yardage was compiled by Rockdale's brilliant broken field runner, Marion. Twenty carries added up to 146 yds on Marion's credit. Brady came second in yardage for the Tigers with 85 yds on 13 carries. Bower was next with 18 carries and 78 yds.

Rockdale, which seems to have no real competition, is undefeated so far this season, while San Marcos has now lost 2 out of 3 games.

This week the Tigers travel to meet a rather woozy Lampasas eleven. Last week Lampasas fell to New Braunfels by a score of 15 to 7.

Milano Downs Oakwood, 46-6

The Milano Eagles took the fight out of the Oakwood Panthers at Eagle Field Friday with a score of 46-6.

Morris Popham, Milano six-man star, scored 4 of the Eagles TDs, two on 15-yd sprints.

The thriller play of the game came when Oakwood made its only score. Ray Gipson returned a Milano kick on a long sprint to paydirt.

Popham opened scoring in the 1st quarter on a 15-yd pass from QB Robert Silva.

Popham added another TD on a line smash for 15 yards early in the 2nd quarter. Hhis third score of the night came on a 2 yd run.

Bruce Coldiron added another TD for the Eagles on a one yard run early in the 3rd quarter.

Popham's final score came on a 5-yd run, which preceded Silva's 10-yd TD scamper late in the final period.

Grover Morgan, Milano's talented toe, booted five of the Eagles' extra points.

This week the Eagles meet the Buckholts Badgers again. Earlier in the season the Eagles felled the Badgers by a score of 30-26.

MRS. TOMMY GENE AARON

Aaron, Jistel Exchange Vows

Miss Gwendolyn Gayle Jistel, daughter of Mr. and Mrs. Hubert Jistel of Cameron and Mr. Tommy Gene Aaron, son of Mrs. Urbane Aaron of Temple were married Saturday at St. Monica's Catholic Church.

Rev. John T. Geiser officiated at the double ring ceremony and nuptial mass. Miss Janice Arnold of Westphalia presented organ music.

Given in marriage by her father, the bride wore a white crepe gown highlighted with Venise lace yoke and long tapered lace sleeves. The detachable train with medallions of lace appliques was attached at the yoke by two small bows. The dress was designed and made by the brides sister, Mrs. Gerald Beach of Temple. Her elbow length veil of illusion was held by a cluster of rosebuds decorated with seed pearls. She carried a classic bouquet of carnations and greenery centered with an orchid.

Mrs. Anton Klecka, sister of the bride, was matron of honor and Miss Sandra Barta of Austin was maid of honor. Bridesmaids were Miss Terry Aaron, sister of the groom, and Miss Sue Larkin, a niece of the groom. They wore orange crepe formal gowns with coral lace yokes and their headpieces were circular orange tulle veils over orange bows and small orange rosebuds. They each carried a long stemmed coral carnation with fern and orange bow.

Miss Becky Beach, niece of the bride was flower girl. Ring bearers were Duane Heiner and Miss Kimberly Dana. Servers and candle lighters were Clyde Jistel, Joseph Jistel, Ricky Richter and Danny Richardson.

Mr. Anton Klecka served as best man. Groomsmen were Arthur Jistel, Wayne Jistel, brother of the bride, and Brian Beach, nephew of the bride. Ushers were Mr. J. R. Marak and Mr. Mike Krummow.

A reception was held at Simon George Hall following the ceremony.

White candles entwined with English ivy and the bride's bouquet centered the reception table, with the bridesmaids' carnations at the side.

Mrs. Clarence Heiner, sister of the bride, and Miss Vanessa Marak niece of the bride, registered guests. Others in the houseparty were Mrs. J. R. Marak, sister of the bride, Mrs. Jerry Hall and Miss Linda Carole Schnieder. Vanessa Marak, Sue Larkin and Becky Beach distributed rice bags.

Assisting at a dinner for the wedding party and family were Mrs. Herman Bayer, Mrs. Jerry Kostroun, Mrs. Louise Kostroun, Mrs. Alfred Barta, Mrs. Richard Jistel, Mrs. Hugo Hollas, Mrs. Raymond Richter and Mrs. Adolph Richter.

The bride is a 1966 graduate of Yoe High School and is employed at First National Bank in Temple. Mr. Aaron attended Temple High School and is employed at Mitchell Business Machines in Temple.

FLEUR DE LIS SETS HOLIDAY FLOWER SHOW

The Fleur de lis Garden Club met September 19 at the Cameron Public Library with 27 members and guests present.

Plans for the December 6 Christmas flower show at First Methodist Church were discussed during the business meeting.

Mrs. John Schigut presented a program of slides from the 1967 spring flower show and gave judges' comments on the arrangements. Holiday tables were displayed by Mrs. Charles Chandler, Mrs. Jimmy Lester, Mrs. James Camp and Mrs. John Deloney. Christmas, Thanksgiving, and New Year tables were formal settings and informal settings included an orange and black Halloween table and an after-the-game coffee placement.

Guests at the meeting were Mrs. Harvey Kimbrel, Mrs. Tommy Corley, Mrs. Dana Kestenbaum, Mrs. Steeves Brown, Mrs. Calvin Cobb.

The door prize was won by Mrs. A. D. Chandler.

COOK, RICHTER REPEAT VOWS IN HOUSTONCHURCH

Barbara Ann Richter and Larry Alan Cook were married September 2 at Our Redeemer Church in Houston. Rev. G. W. Fickenscher officiated.

The bride is the daughter of Mr. and Mrs. L. H. Richter of Houston. Mr. Cook is the son of Mrs. Gladys Marion Carroll of Alamogardo, New Mexico and George Gilmore Cook of Jeanette, Pa.

The bride wore a formal gown of white Chantilly lace over white satin. The skirt was enhanced with a V of roses from the waist at the back. She wore a finger tip veil of illusion with large white roses at the crown and carried a bouquet of white roses.

Mrs. Robert Gilbert was matron of honor. She wore an empire waist dress of light green tucked cotton and carried a bouquet of pale pink carnations centered with dark pink roses.

Bridesmaids were Mrs. Jerry Chavalier and Miss Betty Bailey. Their dresses were identical to the matron of honor and they carried bouquets of dark pink carnations with pale pink roses in the center.

Kimberly Jungmann of Columbus, Texas was flower girl and Kerry Jungmann of Columbus was ring bearer.

Barry Drager served as best man. Groomsmen were Joe Johnson and Stan Cravett. Ushers were Johnny Darwosky, Ervalin Jungmann, Thomas Stockton and Harry Rummel.

A reception was held at Our Redeemer Lutheran School Auditorium.

The bride's table was covered with pink lace over pink satin and centered with pink daytime candles and the brides bouquet. Punch was served from a large silver flowing fountain topped with pink pom poms.

Mrs. Ervalin Jungmann registered guests. Others in the houseparty were Misses Jeanette Ellis, Carleen Norwood, Joyce Elff and Linda Green.

Following a wedding trip in New Mexico the couple will live in Houston.

'WHY FEDERATE' IS FIRST TOPIC FOR DELPHIANS

Cameron Delphian Club met in the Western Room of the Texan Cafe on September 19 for their first meeting of the 1967-68 season. Mrs. H. L. Green Sr. and Mrs. Ed Gunn were hostesses.

Twenty members and one guest, Mrs. W. H. Anderson of Idaho Falls, Idaho, attended. Mrs. Anthony Thibodeaux and Mrs. Ben Pierce were welcomed as new members.

Mrs. R. G. Grabein brought an interesting program on the topic "Why Federate?"

A dessert course was served following the program.

TV VALUATION IS WSCS STUDY

The circles of the Woman's Society of Christian Service of First Methodist Church met last week. The program for all circles was "How Do We View TV?" Purpose of the program was to alert the church women to the Methodist Television Valuation Month in October and to urge them to use the Television Valuation booklets, available through the pastor.

The Brewer Circle met with Mrs. Bob Terry. Ten members were present. Mrs. Ruth Rosson led the program.

The Howard Circle met with Mrs. A. H. Baskin, Jr. Eight members attended and Mrs. A. W. McCullin led the program.

The Rawls Circle met with Mrs. J. A. Bowling. Fifteen members and one guest, Mrs. James Camp, attended. Mrs. E. A. Perrin led the program.

The Sapp Circle met with Mrs. Harry Shanks.

DOUBLE RING CEREMONY UNITES MISS CASS, MR. ROY GENE MILLER

Miss Edith La Nelle Cass and Mr. Roy Gene Miller were married September 15 at 7:30 p.m. in a double ring ceremony at the Gause Baptist Church. Rev. M. E. Smith, pastor of the church performed the ceremony.

Parents of the bride are Mr. and Mrs. Koye Arnold Cass of Gause and Mr. and Mrs. Ray Miller of Milano are the groom's parents.

The bride, given in marriage by her father, wore a street length float dress with a high, round neckline and wrist length raglan sleeves of white French imported bonded lace made by her mother. A cluster of white peau de spie flowers held her illusion veil. She carried a bouquet of white miniature spider mums atop a white beaded Bible.

Matron of honor was Mrs. Wayne Lee, sister of the bride, and another sister, Miss Kay Cass served as maid of honor. Miss Linda Payne of Hearne was bridesmaid. They wore dresses from a pattern identical to that of the bride's made of a blend of green silk and crystal. Their headpieces were clusters of flowers with veils. Each carried a bouquet of yellow spider mums with English ivy.

Best man was Billy Reese of Milano, cousin of the groom and groomsmen were Travis Yoakum of Austin and Harold Van De Weghe of Gause.

Ushers were Wayne Lee, brother-in-law of the bride, and Carrol Davidson, brother-in-law of the groom, who also served as candlelighters.

Soloist was Mrs. Wayne Lee and organist was Miss Judy Simmons of Gause.

Miss Linda Miller, sister of the groom, registered the guests.

For her daughter's wedding Mrs. Cass chose a three piece purple knit suit with beige accessories. Her corsage was of white carnations. The groom's mother wore a black suit accented with a white lace blouse and black accessories and a corsage of white carnations.

Members of the houseparty included Mrs. Carrol Davidson and Miss Linda Miller, sister of the groom and Miss Patti Reese, cousin of the groom.

The bride's table was laid with a white lace cloth over green and was centered with the bride's bouquet and the attendants' bouquets placed elsewhere on the table. The four-tiered wedding cake was placed at one end of the table with fruit punch served from a crystal punch bowl on the other end.

Another table held a rice tree filled with rice bags made of green and yellow tulle tied with yellow ribbon and also held the wedding gifts.

After a short wedding trip to Austin the couple are making their home in Milano.

Mrs. Miller is a 1960 graduate of Hearne High School and is employed at Hearne General Hospital. Mr. Miller is a 1963 graduate of Milano High School and is employed by Keller Ladder Factory in Caldwell.

Why I Taught

By Mary Randolph

I taught: because I would be young in soul and mind
Though years must pass and age my life constrain.
And have found no way to lag behind
The fleeting years, save by the Magic Chain
That binds me, youthful, to the youth I love.

I taught: because I would be wise and wisdom find
From millions gone before whose torch I pass.
Still burning bright to light the paths that wind
So steep and rugged, for each lad and lass
Slow-climbing to the unrevealed above.

I taught: because in passing on the living flame
That ever brighter burns the age through
I have done service that is worth the name
Can I but say, "The flame of knowledge grew
A little brighter in the hands I taught."

I taught: because I know that when Life's end I reach
And thence pass through the gates so wide and deep
To what I do not know, save what men teach,
That the remembrance of me will keep
Is what I've done, and what I have is naught.

Aero Committee To Reconvene In Dallas Oct. 13

An Interim Committee on Aeronautics will reconvene Friday, October 13, in Dallas to study possibilities of new legislation for intra-state air service, according to Rep. Milton Schiller, of Cameron.

He is a member of the Texas Aeronautics Committee along with Rep. C. L. Ray, of Marshal, studying needs of Texas airport physical needs.

Rep. Schiller authored House Simple Resolution 259 which calls for review of "the role and scope of an important State Agency (Texas Aeronautics Commission) pursuant to current and future needs....."

The Committee first met in an organizational meeting September 16 in Houston. A five-goal outline included determining adequacy of present laws, amendments to improve them, any need for new legislation and recommendations to the 61st Legislature.

Rep. Schiller told The Herald the committee is studying the intra-state airlines, which have no federal regulations, in California. He said some members of the committee will fly to California for a first-hand study of the nation's most populous state's program.

An overall study is called for in HSR 259. Beside spelling out goals, interviews and investigations with TAC leaders, federal agencies and those state agencies related to transportation, tourism and industry.

HSR 259 says: "Intrastate air commerce, that is, flying by commuter-type airlines on scheduled flights has experienced growth in recent years, and the rules, regulations and procedures governing the certification of intrastate air carriers should be studied thoroughly."

Mr. and Mrs. Wallace Massengale of Houston and Mrs. Dean Baird visited their parents last weekend.

ASC News

Results of the September 20 election of the ASC community committeemen for all of the communities in Milam County are announced. The election was held by mail and ballots were tabulated publicly by the incumbent ASC county committee September 22.

Farmers elected to the committees include:

A Community - George A. Dodd, chairman; William J. Crenan, vice chairman; Jerry Skala, regular member.

B Community - H. M. Yager, chairman; J. A. Looney, vice chairman; J. Milton Weems, regular member.

C Community - W. K. Kornegay, chairman; Raymond Slay, vice chairman; J. T. Todd, regular member.

D Community - Pete Keen, chairman; Lawrence Keen, vice chairman; Otto Whiteley, regular member.

E Community - Charles Becker, chairman; Douglas Phillips, vice chairman; Gus Schramm, regular member.

F Community - H. C. Pope, chairman, Lee Roy Kohring, vice chairman; Erwin D. Taylor, regular member.

G Community - Alvin Fuchs, chairman; W. E. Beckhusen, vice chairman; Willie F. Glaser, regular member.

H Community - Victor Vaculin, chairman; Joe Ford, vice chairman; Johnnie Richter, regular member.

The ASC community committee chairman, vice chairman, and regular member automatically become delegates to the county convention, where farmers are elected to fill vacancies on the ASC county committee. The county convention will be held at the ASCS Office, September 27, at 9:30 a.m. After the county committeemen are elected, the delegates determine which of the regular committeemen will serve as the committee chairman and vice chairman for the coming year.

ASC county and community farmer-committees are in charge of local administration of such national programs as the Agricultural Conservation Program, the Cropland Adjustment Program, the feed grain program, the voluntary wheat program, the upland cotton diversion program, the National Wool program, the acreage allotments and marketing quotas, commodity loans and storage facility loans. Each year, local farmers earn thousands of dollars through participation in these farm action programs.

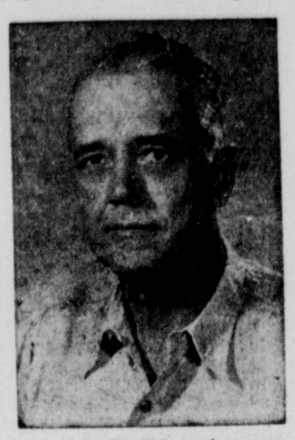
Farm Welding Course Planned

A farm welding short course for adult farmers will be held Oct. 2-5, under the sponsorship of the Cameron Young Farmers at the High School Vocational Ag Department, according to D. R. Dodson, Superintendent and C. Titsworth, teacher of vocational ag.

C. B. Edwards, welding specialist with the Vocational Agricul-



C. B. Edwards

ture Division of the Texas Education Agency and the Department of Agricultural Engineering at Texas A&M University, will instruct the course.

Edwards holds two college degrees, a B. S. in Agricultural Education from Texas A&M and an M. S. in Agricultural Education - Animal Husbandry from Oklahoma A&M; and in addition, has several graduate hours at the University of Texas. He has had experience as a vocational ag teacher and as supervisor of state schools and has organized T & I programs and supervised the operation of several shops. He has been with the Adult Specialist Program since its initiation in 1958.

"Many welding short courses in various parts of the state have been taught by Mr. Edwards and all have met with outstanding success," according to Billy Lyons, area supervisor of vocational agriculture, Houston. Arrangements for adult education short course in welding and in other fields are made through Lyons' office.

The short course at Cameron is scheduled to begin Oct. 2 at 7:30 p.m. in the Vo-Ag building. Other meetings in the series of four will be held Oct. 3, 4, 5. During the dates the course is in progress, Edwards will be available to assist farmers with individual problems and to provide on-the-farm instruction, according to C. Titsworth.

Farmers interested in attending the course could write or call the Superintendent of Schools, D. R. Dodson, or C. Titsworth, vocational agriculture teacher. An entry fee of $5 will be charged. Farm Welding Short Course Certificates are to be presented to each enrollee who attends all the training sessions.

Edwards said the short course would be adjusted to wishes and interests of farmers enrolled but that he expects to cover such subjects as safety in welding, factors controlled by the operator in running a bead, striking an arc, types of electrodes, preparation of joints, distortion, cutting, hardsurfacing, and pipe welding.

Short courses in welding, as well as in other areas, are now available to farmers throughout the state under the new cooperative program between the Texas Education Agency and Texas A&M University.

CAMP BOOKS, Vietnam

Marine Gunnery Sergeant William B. Johnston, son of Mr. and Mrs. William K. Johnston of Rosebud, was promoted to his present rank at Camp Books, Vietnam while serving with the Fifth Communications Battalion, a unit of the Force Logistic Command.

His battalion provides communication facilities for the tactical headquarters which may be organized within a Fleet Marine Force, as well as furnishing specialist teams as required to divisions, wings, or Force Troops units.

Soil Fertility Workshop Set For Milam, Bell, Williamson Farmers

A Soil Fertility Workshop is to be held in Bartlett Oct. 10, 11, and 12, 7:30 to 9:30 p.m. at the American Legion Hall. The program is being presented by the Texas Extension Service and is being cosponsored by the Little River - San Gabriel Soil and Water Conservation District.

This workshop is a follow-up for the month of September which was proclaimed 'Soil Fertility Month' for Bell, Milam and Williamson Counties. Farmers and ranchers have been urged to have soil samples taken on their cropland and pastureland so that they would be able to supply the needed plant food to the soil for their future crop.

The program has been divided into two parts each night, refreshments will be served between programs. The various topics will be presented by specialists from Texas A&M. The program will be as follows:

Tuesday - 1st part. Nitrogen and Crop Production; 2nd part, Phosphorus and Crop Production. Both parts presented by John Box, Extension agronomist.

Wednesday - 1st part, Potassium, Secondary and Micronutrients; 2nd part - Soil Tests and Current Recommendations, presented by Dr. C. D. Welch, Extension soil chemist.

Thursday - 1st part, Review of Research for Region, by Gordon McLean, Research soil chemist; 2nd part, Economics of Fertilizer Usage, by James Denton, Area Farm Management specialist.

County Agents John Wakefield, Don Decker, J. D. Moore, and the supervisors of the Little River - San Gabriel Soil and Water Conservation District would like to urge all interested people to attend. You need not be a farmer or rancher to attend the workshop because it is designed to also help urban people understand what fertilizer can do for lawns and gardens.

For further information regarding this short course you should contact your local County Agent or the SCS located in Bartlett.

Cotton Pushes Texas Economy

In spite of its trials and tribulations, cotton continues to be the big wheel that moves Texas agriculture, and it also has a big hand in pushing along the rest of the ceonomy.

The Blackland Cotton and Grain Producers Association noted a recent study of the Texas Business Review shows that:

1. Cotton provides a payroll of nearly a third of a billion dollars to the state ($311,528,500).

2. Cotton is responsible for employment of about 15 percent of the state's total population.

3. Cotton cash receipts of $633.7 million represents about half of the total value of Texas' row crops.

Cotton has built the foundations for the Blackland economy, and in many areas it still is the dominating force.

"For this reason alone, it behooves everyone to support the cotton economy of the Blacklands," Kenneth Johnson, president, Blackland Cotton and Grain Producers Association, said.

That organization is now seeding members throughout the area. "Business firms are also invited to join with us in seeing to it that cotton does not disappear from this area," Johnson said.

Rites Held For Edgar L. Ditto

Edgar L. Ditto, 75, died Thursday afternoon. He was a retired custodian for the Cameron Public Schools and a longtime resident of Cameron. He was born January 7, 1897 in Milam County.

Funeral services were held at 2 p.m. Saturday at Green Funeral Home in Cameron with Rev. James Lafferty officiating. Burial was in Walkers Creek Cemetery.

He is survived by his wife, Mrs. E. L. Ditto of 1418 N. Fannin, Cameron; one son, Ray Ditto of Houston; two daughters, Mrs. Roy O. Stauffer of Austin and Mrs. William N. Waggener of Chadron, Nebraska.

PULPWOOD PRODUCTION

Pulpwood, the raw material for the expanding Texas paper industry, rose 14 percent in 1966 to a new record of over 1,900,000 cords, reports Bill Smith, Extension forester at Texas A&M.

COUNTY AGENT'S NOTES

By J. D. Moore

ARMY WORM INVASION

An unexpected invasion of army worms continues to take a heavy toll of the county's Bermudagrass, small grains, and home lawns.

Producers are urged to protect the grass and small grains they have left by immediate applications of insecticides. Toxaphene or Toxaphene-DDT at the rate of one to two quarts per acre will do an excellent job of controlling the worms. If cattle are to be slaughtered from the treated area or if dairy cattle are to graze the area, use 1½ lbs of Sevin per acre.

How long will the worms last? Usually the feeding period for a worm is from 7 to 12 days depending on the weather conditions. Warm, sunny days and light nights are most favorable feeding conditions. However, a cool spell of weather with chilly nights decrease feeding activity.

In a number of cases the worms have already eaten the leaves from all the grass plants. The question has been asked if it will pay to treat such an area.

It may be remembered that under normal conditions the degree of infestation is light to moderate and short-lived. However, the present infestation is very heavy and the cost of insecticide applications will be more than offset by a rapid recovery of grass plants badly needed for cattle grazing. Then too, by treating heavily infested areas, migration of the worms to other areas can be prevented.

NATIONAL FOREST RULES

Dogs, cats, automobiles, motorbikes--and the actions of thoughtless people--will be affected by new regulations for visitors to National Forest recreation areas across the nation. The new regulations go into effect immediately.

CATTLE ON FEED

Number of head of cattle and calves on feed for slaughter market on Sept. 1 is estimated at 4,850,000 head in Arizona, California, Colorado, Iowa, Nebraska, and Texas, reports the Crop Reporting Board.

Remember The Pictures . . .

Everyone saw it. The front page pictures record it for the usual skeptics.

More than 1600 women, from all over Milam County and fringe counties, literally poured into Cameron for the possibility of a job. There were no promises.

In a sense, it is pathetic. Where else might 1600 people go for the chance just to sign up, but non-metro Central Texas? Who says these people don't want to work? Who says there is no labor force?

Who still knocks industrializing Cameron? Who criticizes able young leadership, the 15 or 20 who bring these things off? What other town under 10,000 in Texas has drawn that many applicants just for a chance?

If, after two generations or more, the Young Man is not considered able at 30 or 40 or 50 to solve Cameron's problems, then the town never was worth growing, or now, boosting.

What happened Saturday, dear Herald reader, could have occurred years ago. And then you would not have the necessary controversy of urban renewal, because there would be little urban blight. You would not have the stress of raising industrial funds because industry would be abustling now, and your population in Milam County wouldn't have dropped about 2,000 since the 1960 census.

Light industry in Cameron will compliment the heavy industry that agriculture has become. Wages will be somewhat the same. Productivity will be encouraged and at least parttime farmers, in the Alcoa pattern, will continue in North Milam County.

It is a continuing struggle to bring a town of 6,000 off its knees. Without Alcoa, for example, Milam County would be broke. And without these industries, Cameron cannot sustain itself as a separate entity.

Perhaps it could become a "bedroom" community to Temple and Rockdale, which it is, in part, but what identity as a city would it have? What identity do the suburban communities around Houston or Dallas have, governmentwise in the long run?

It was quite a job of public relations for Cameron as well. If all goes well, it could mean industrial payroll beyond anyone's dream a year ago, and a sanction for healthy growth unknown to Cameron since the boom days of cotton in the 1920's.

We hope you look at the pictures. Please remember them a long time.

THE FAMILY LAWYER

Of Beauticians and Barbers

The general rule is that, by opener's greatest risk is a curl that won't stay put or a botched sideburn.

But occasionally the hazard may be more serious. Injury may be done, not just to the customer's vanity but to his person. When that happens, the law may be called upon to fix responsibility for the harm.

The general rule is that, by opening its doors to the public, a shop promises the kind of service provided by a reasonably prudent and skillful person engaged in the same business." If its service falls below that standard, the proprietor may be held liable for the consequences.

For example:

from a beauty shop because the operator, washing her hair, doused her head with scalding water.

And in another case, a woman won damages for a skin infection resulting from a facial treatment given without the proper sanitary precautions.

This standard of quality applies not only to the service rendered but also to the equipment used and the condition of the premises. Thus, a woman successfully sued a beauty shop on the basis of a soapy puddle on the floor which caused her to slip, fall, and suffer assorted injuries.

Nevertheless, the management is not held to an ironclad guarantee of safety. If an accident was not reasonably avoidable, the law will not impose liability.

Accordingly, a woman who stumbled while getting out of a chair was denied damages from the beauty shop where it occurred. The judge could see no way the management could fairly be blamed for such a mishap.

In one famous case, a barber wiped his razor against the disposable tissue lying on the customer's stomach. By coincidence, the razor happened to touch an ultra-ticklish spot. The customer yelped, grabbed instinctively, and closed his hand on the razor.

Badly cut, he sued the barber for triggering this woeful chain of events. But the court, unconvinced, turned down his claim. The judge said:

"The plaintiff at most shows a pure accident. In the nature of things, a similar misfortune will not happen again in many a moon."

POPPED GRAIN SORGHUM

Popped grain sorghum racked up a respectable performance in steer feeding trials conducted at Texas A&M University. Steers getting the popped grain ration gained more efficiently than those getting a normal grain sorghum ration.

Excuse us, Ma'am, but your gas heating contractor or Lone Star Gas may have a pleasant surprise for you.

Let's be realistic. You're just going to have to spend some money to modernize your heating system. But it will probably be a lot less than you think. Especially now during August and September when gas heating contractors have more time to make installations and are offering special savings. There's a wide variety of modern, automatic gas heating equipment to take care of any situation—whether you're heating one room, several rooms or your entire home. Why not get a free estimate? Talk to a gas heating contractor or the folks at Lone Star Gas.

Revision Commission Busy

By Vern Sanford

AUSTIN

Constitutional Revision Commission is busy revising or rewriting the basic document which has governed Texas since 1876.

Before it could start, it rounded out its membership by naming five senators.

Lt. Gov. Preston Smith refused to name the Senators. He says the Commission was not legally authorized. It was created by a simple House resolution and the Senate did not concur.

Senators chosen by the Commission itself were A. M. Aikin of Paris, Grady Hazlewood of Amarillo, J. P. Word of Meridian, Don Kennard of Fort Worth and Henry Grover of Houston.

Gov John Connally opened the Commissions meeting by urging its members "to make some very profound recommendations about the structure of Texas government without removing fundamental safeguards."

Connally said the commission should "eliminate those portions (of the Constitution) which are outmoded and no longer applicable."

Commission Chairman Robert Storey, a Dallas attorney, said the 25-member commission, which will report to the 61st Legislature in 1969, should try to write a brand new constitution.

Recommendations of the Commission must go first to the Legislature. If two-thirds of the lawmakers agree that the proposed revision is worth submitting to voters, a statewide election will be required before any changes can go into effect.

Larry Temple, executive assistant to Governor Connally, was designated secretary and chairman of the drafting committee. San Antonio Mayor W. W. McAllister was named vice chairman.

Legal or not, the group will devote 14 months to the project. Eight committees were named to study various parts of the Constitution -- executive, legislative, judicial, political subdivisions, bill of rights, education, revenue and taxation, and drafting.

HURRICANE ACTION

All available federal aid will be sought by Governor Connally for Rio Grande Valley and Texas coastal areas ravaged by Hurricane Beulah.

Small Business Administration early declared SBA relief loans were available to firms in the hurricane - devastated sections.

State Insurance Board dispatched experts to the Valley to help interpret the fine print of policies. Insurance companies, which paid out $120 million in Hurricane Carla losses six years ago, moved to implement "catastrophe plans" for speeding claims handling.

Board officials advised that Texas insurance policies do not cover losses due solely to flood waters or wave damage, although some do provide coverage against wind-driven rains, as well as wind damage.

Source of controversy surrounding Carla policies mainly involved losses caused by both wind and water and assessment of that portion attributable to hurricane winds.

Railroad Commission delayed setting oil allowable for October pending a survey of how Hurricane Beulah affected Gulf Coast refining capacity.

GOOD WATER FOR BAD

A new federal government policy demanding commitment of water in order to control state stream pollution may leave Texas no water for its cities, industry and agriculture.

Governor Connally told a conference on regional planning and development that the U.S. Army Corps of Engineers wants the state to guarantee release of 1,400,000 acre feet of water per year into the Red River for the next century so as to upgrade quality.

A head-on clash between the state and federal government arose over a contract for the Cooper Dam and Reservoir in Northeast Texas. Corps of Engineers demanded that the state allocate 63,370 acre feet of water a year from Lake Texarkana to control Red River pollution.

At the time the contract was signed, Texas Water Development Board informed President Johnson that the state faces potential permanent loss of 192,000 acre feet from the Red River area below Lake Texoma and possible ultimate loss of 1,500,000 to 2,000,000 acre feet from all Texas waters to federal jurisdiction if the Corps policy stands. Board claimed the policy would further invalidate any planned major redistribution of the state's surface water supply proposed in its $3,600,000,000 water plan.

"If that policy stands," Connaly said, "there will be no water left for cities, industries or agriculture. If the water quality controls that Texas is asked to guarantee are put into effect, all present and prospective dams on the San Antonio River would not meet these requirements, let alone needs of the San Antonio area."

Atty. Gen. Crawford Martin has been asked to rule on validity of the Cooper Reservior contract because of the provision giving federal agencies the right to release Sulphur River water for water quality control. He is expected to rule that the Water Development Board had no authority to sign it. Nobody seems quite sure what will happen after that.

Executive Director of the WDB, Joe G. Moore Jr., says conflict over the stream-flushing requirement will have to be settled at top state-national levels.

MUNICIPAL RIGHTS DIVISION

Texas Water Rights Commission, in effect, reversed a district court decision when it approved 18 applications for Rio Grande Valley water rights.

In bypassing the decision of Judge J. H. Starley of Pecos (in Edinburg's 93rd District Court), the Commission assured water supplies for most Rio Grande Valley cities for populations double those of 1965.

Starley had allocated water on the basis of acreage. Commission allocated it on the basis of population.

Even with the Board's decision, irrigation rights still are unsettled in the now famous Rio Grande Valley water dispute.

"Only when the suit is final," says Commission Executive Director Frank Booth, "will irrigation rights be established. Municipalities, however, always will get the water first, and irrigation will be subordinate to that."

WELFARE BENEFITS UPPED

More than 240,000 needy Texans will get small raises in their welfare checks effective October 1. Burton G. Hackney, Commissioner of State Department of Public Welfare, says old age assistance recipients will receive $4 a month more and those eligible for aid to the permanently and totally disabled $5 more.

New maximum OAA grants will be $104 a month and disability top grants, $79 a month. Increases will benefit 228,567 on OAA rolls and 11,450 on disabled rolls.

Legislature this year made raises possible by increasing appropriations for OAA by $6,500,000 and aid to the disabled by $1,000,000.

OLD PHILOSOPHER

Dear editar:

After the fifth newspaper turned up out here on this Johnson grass farm in five days, each one reporting on a different kind of strike, I started keeping tab and can report that the following various groups have been striking lately:

School teachers.
Chorus girls.
Automobile workers
Steel workers.
Television announcers.
Policemen.
Firemen.
Big city printers.
Construction workers.
Airplane pilots.

There may be more, but this will give you an idea of what it takes to be in on the modern trend, and what I'd like to know is, what's the matter with weekiy newspaper editors? How come you're dragging your feet? Don't you know this is 1967? You mean to say you can't find a thing to strike about? How come you don't keep abreast of the times? I'll even write your own headline for you:

EDITOR PICKETS
OWN OFFICE IN
DEMAND FOR SOMETHING

Of course, I recognize you might ask me, How come you don't strike?

Well although I've never attempted to keep up with the times, which consists mostly of going in circles anyway, I've got plenty to strike about, like a leaky roof, a loose board on the back step, a leaning barn, a sagging gate, broken-down fences, the weather 90 percent of the time, rusty plumbing, the high cost of repairs and the low price on sales, inferior television shows, etc., but I suppose you and me are in the same boat: there's nobody to settle most of our grievances with but ourselves, and there's no fun in that. What sort of strike would it be if the only way to win it is to work harder yourself? I'll strike against that kind of strike any time.

Yours faithfully,
J.A.

LETTERS—

Dar Frank:

I am enclosing a check for a child's book that Martin might like. Please hand to the librarian at the Cameron Library.

I am giving this in memory of Walter Felton of Corpus Christi, who is being buried in San Gabriel today (Sept. 25).

For almost two thousand years the Sacrament of the Lord's Supper has been celebrated by Christians everywhere. Though variously interpreted by the churches, though administered with different ritual, it has always remained our unifying bond . . . *the Communion of the Church with her Lord.*

On World Wide Communion Sunday Christian congregations all over the globe will assemble to celebrate this Communion. Each will follow its own accustomed usage, exercising the right of religious freedom that the free peoples of the world treasure so highly. And as millions receive the Sacrament they will be conscious of the joyous faith that unites them with one another and with Christ.

This is a century of crisis in which those who treasure their spiritual heritage must stand together . . . must face with courage the alarming growth and ruthless power of an atheism dedicated to the overthrow of both freedom and religion.

Join your fellow Christians at The Lord's Table!

THE CHURCH FOR ALL . . .
. . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

New Telephone Book Initiates All Number Dial

All telephones in Cameron will be converted to All Number Calling (ANC) on October 2 according to C. L. Carson, manager for Southwestern Bell Telephone Company.

Carson said the new Cameron telephone directory will be mailed on October 2 to all subscribers.

The new directory reflects the conversion to All Number Calling, Carson said. All listings for Cameron customers will be seven digits, rather than two letters and five numerals. Carson said the new directory will contain complete up-to-date listings of all Cameron subscribers.

The telephone official said over 3,700 copies of the new directory have been printed for distribution to customers and for future requirements.

The changeover to ANC in Cameron is part of Southwestern Bell's program to convert all telephones in the states served by the company to All Number Calling gradually over the next few years.

The change to ANC is necessary, Carson said, because telephone companies across the nation would eventually run out of suitable easy-to-pronounce and understand prefix names. He said ANC will give us about 50 percent more usable telephone numbers.

"With All Number Calling, telephone numbers in this area will be the same as most numbers throughout the country," Carson said.

He explained that for Cameron telephone subscribers, the prefix is the only part of their number that will change. "For example," Carson said, "the telephone company number OX7-4601 will change to 697-4601." He noted that the location of the all-number prefix on the telephone dial will be the same as the present prefix, meaning, of course, that most Cameron telephone users will continue dialing exactly as they do now.

Carson noted that all-numeral numbers will eliminate dialing errors caused by confusion of the numeral "1" with the letter "I" and of the letter "O" with zero.

Legislators Raise State Assistance For Aged, Disabled

Rep. Milton Schiller of District 27, Falls, Milam and Robertson Counties announced this week that he had been informed by Mr. Burton G. Hackney, Commissioner of the Texas State Department of Public Welfare, that effective with the October payments all Old Age Assistance grants will be raised $4 per month above the amount recommended by the local worker.

Effective on the same date, all Aid to Permanently and Totally Disabled Assistance grants will be raised $5 per month above the amount currently recommended by the local worker. Schiller also stated that each recipient will receive an individual notice along with their October check.

Rep. Schiller pointed out that this was made possible due to the increased appropriation for these two programs by the 60th session of the Texas Legislature

Buckholts Area 'Zip - A - List' Kits Coming October 3

Buckholts rural carriers will start delivery of Zip-A-List kits to every householder in the area on Tuesday, October 3.

Postmaster Zajicek urged all residents to use the postal cards contained in the kits to obtain the Zip Codes needed for addresses in their personal mailing lists.

Each household will receive eight cards with spaces for the addresses to be "zipped" by the post office and for the return address.

No postage is needed, Zajicek said.

In addition to the kit, which is folded like a closed accordian, a separate card is being delivered to remind residents of the local Zip Code number.

"Zip Code is necessary all year round to increase the efficiency of the postal service," Zajicek said, "but it is more important than ever around the holiday season. This year, the Post Office Department expects to handle well over nine billion pieces of mail during the Christmas rush. Zip Code will be a great help in delivering that mail acurately and on time."

The postal official reminded Zip-A-List users to print clearly and to include their return address so that the post office will know where to deliver the completed form. Last year, thousands of people throughout the nation forgot to include the return address and their efforts to cooperate in the project went for naught, he said.

Highways built under the supervision of the Texas Highway Department are built on a pay-as-you-go basis. No deficits are incurred.

WANT TO LEARN ABOUT INVESTING— without charge of any kind?

We're holding a three-session course that begins Tuesday night, October 10, at 7:30 sharp.

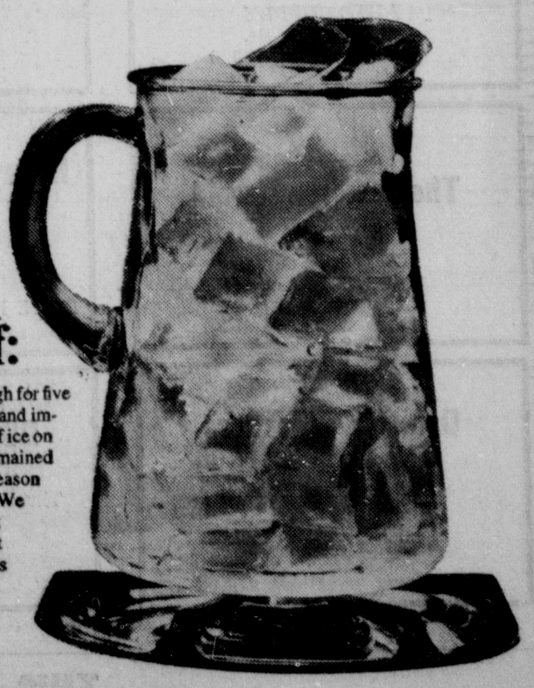
Is gas really cool?



You bet. Here's proof:

We turned a gas burner up to high for five minutes. Then we turned it off and immediately set a frozen pitcher of ice on it! Nary a crack! The pitcher remained intact and good as new. (The reason is no hangover heat with gas.) We tried the very same experiment with an identical pitcher... but on another kind of range. It was a shattering experience. When it comes to being cool, gas makes the difference.
